CSAC MONOGRAPHS

CSAC Monographs is a series produced by the Centre for Social Anthropology and Computing, University of Kent, which aims to make available specialist material in social anthropology and sociology at the lowest possible cost. Production and distribution costs will be kept to a minimum by the use of up-to-date information technology and direct mailing.

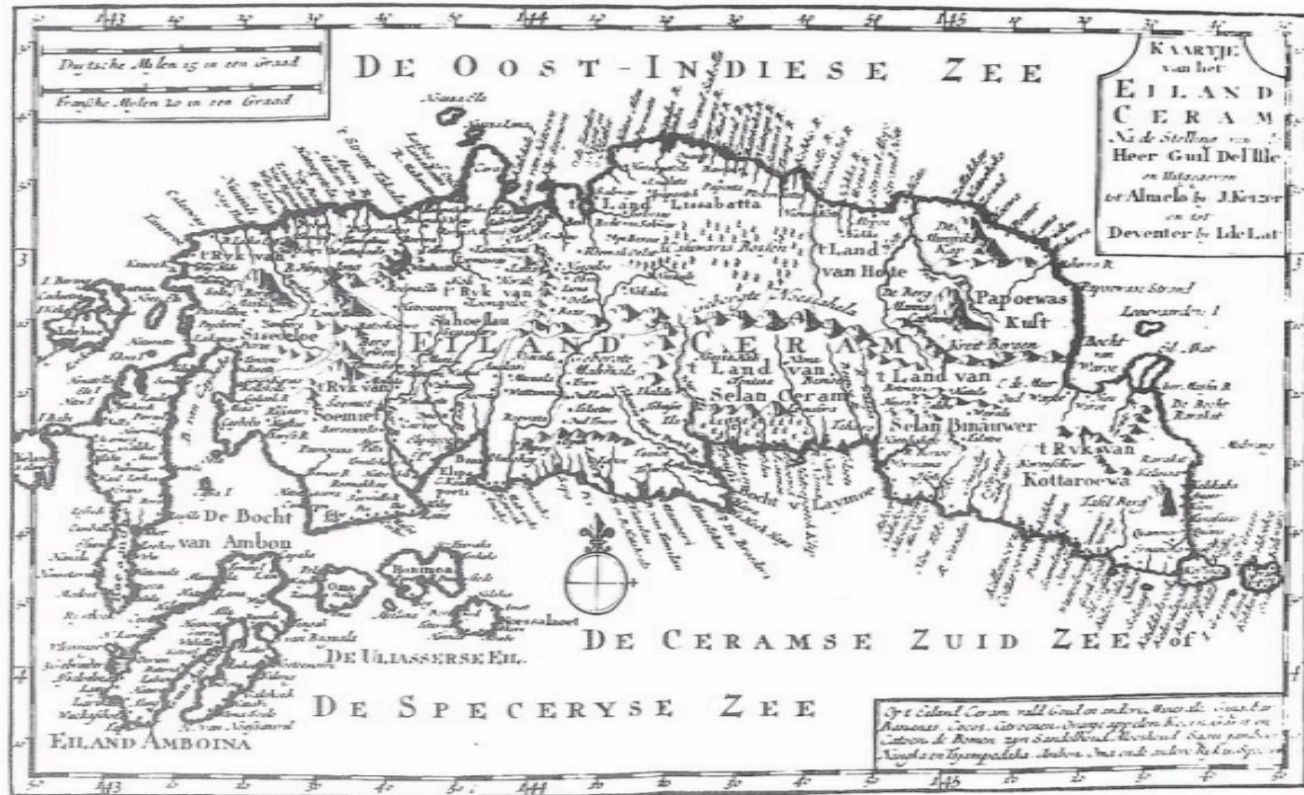

The intention is to expand the series as rapidly as possible, and we are willing to consider a wide variety of material including: unpublished dissertations which are still of current interest; edited collections based on conferences and symposia; new editions of important work currently unavailable; and monographs which because of their unusual length or specialist nature are not considered commercially viable by conventional publishers.

Orders and requests for further information should be sent to CSAC Monographs, CSAC Office, Eliot College, University of Kent, Canterbury, United Kingdom CT2 7NS. Editorial enquiries should be sent to the Series Editor, Dr. J. S. Eades, at the same address.

ISBN 0 904938 20 4

FRONTISPIECE: Map of the island of Seram (Ceram) from the Atlas van Oost-Indien (Almelo; Deventer) published sometime between 1735 and 1747 by Jacob Keiser and Jan de Lat. It is reproduced here by courtesy of the Koninklijk Instituut voor Taal-, Land- en Volkenkunde in Leiden. Note the location of 'Noeocloe' and 'Noaola' in the mountains along the north-south path which approximately follows longitude 144E.

CONTENTS

List of tables	vi
List of figures	vii
List of plates	viii
Preface	ix
A note on orthography	xii
Chapter 1 Introduction	1
Chapter 2 Terrestrial mammals	28
Chapter 3 Bats	50
Chapter 4 Birds	57
Chapter 5 Turtles	81
Chapter 6 Lizards and related forms	87
Chapter 7 Snakes	103
Chapter 8 Amphibians	116
Chapter 9 Fishes and marine mammals	128
Chapter 10 Insects	146
Chapter 11 Molluscs	178
Chapter 12 Crustacea	193
Chapter 13 Arachnids	200
Chapter 14 Worms, myriapods, echinoderms and related forms	205
List of abbreviations	211
List of references	212

LIST OF TABLES

1	Total numbers of animal specimens collected and examined	19
2	Checklist of terrestrial mammal fauna (excluding bats) recorded in the Nuauulu region	29
3	Species identifications compared with Nuauulu categories applied to murid specimens	46
4	Checklist of bats recorded in the Nuauulu region	51
5	Species identifications compared with Nuauulu categories applied to bat specimens	53
6	Checklist of birds recorded in and around the Nuauulu region	59
7	Distribution of Nuauulu bird terms according to phylogenetic level and number of known species on Seram	76
8	Checklist of testudines recorded for the Nuauulu region	82
9	Checklist of lizards and related forms recorded for the Nuauulu region	89
10	Species identifications compared with Nuauulu categories applied to lizard specimens	91
11	Checklist of snakes recorded in the Nuauulu region	105
12	Species identifications compared with Nuauulu categories applied to snake specimens	106
13	Checklist of amphibians recorded in the Nuauulu region	117
14	Species identifications compared with Nuauulu categories applied to frog specimens	118
15	Checklist of fishes and marine mammals recorded in and around the Nuauulu region	130
16	Some non-assimilated Sepa fish terms occasionally used by Nu. ulu	144
17	Checklist of insects recorded in the Nuauulu region	148
18	Checklist of molluscs recorded in the Nuauulu region	180
19	Species identifications compared with Nuauulu terms applied to gastropod specimens	183
20	Social and economic uses of molluscs among the Nuauulu	191
21	Checklist of crustacea recorded in the Nuauulu region	195
22	Checklist of arachnid specimens recorded in the Nuauulu region	202
23	Checklist of annelids, myriapods and related forms featuring in Nuauulu terminology and knowledge	207

LIST OF FIGURES

1	The Moluccan islands in relation to Sulawesi and Irian Jaya	2
2	The island of Seram and adjacent areas, indicating distribution of Nuauulu clans prior to resettlement	3
3	Location of major contemporary villages and terrestrial biotopes in the Nuauulu extractive area	6
4	Display of data on punched specimen cards	21
5	Examples of picture cards used in field sorting tests	24
6	Simple model of internal partitioning of the category manue	78
7	Nuauulu classification of turtles arranged as a taxonomic hierarchy	84
8	Relationship between Nuauulu categories for certain skinks and their phylogenetic content	98
9	Nuauulu classification of lizards arranged as a taxonomy	99
10	Types of variation in Nuauulu classification of lizards	101
11	Contents of the Nuauulu category tekene arranged as a taxonomy	111
12	Nuauulu classification of frogs arranged as a taxonomy	124
13	Nuauulu classification of frogs arranged as a Venn diagram	125
14	Relationships between the more inclusive Nuauulu categories applied to molluscs	190

LIST OF PLATES

Frontispiece	Map of the island of Seram (Ceram) from the <i>Atlas van Oost-Indien</i>	iv
1	NASA Landsat image of Seram for the months September-November	5
2	Young primary forest on the river Usa	8
3	Cultivated land of two years standing near the river Usa	8
4	Groveland owned by Inane Matoke on the river Awau	9
5	The river Lata between Rohua and Tamilou	11
6	Women collecting small fish and molluscs	11
7	Spotted cuscus	33
8	Tame pig being fed on coconut waste	38
9	Resting in a dry river bed while hunting with dogs	38
10	Cows belonging to Komisi Somori	43
11	Moluccan cockatoo kept as pet in Rohua	71
12	Naunesi Sonawe with a monitor lizard	92
13	Two specimens of a tree frog caught in a banana plant	119
14	Dried head of a needlefish found displayed as a trophy on the seaward wall of a house	137
15	Searching for the larvae of the sago weevil in rotten sagopalm trunk	174
16	Wash drawings of <i>Nautilus pompilius</i> prepared for Rumphius's <i>Amboinsche Rariteitkamer</i>	188
